

ethiopia kossa geshe

bubblegum | nectarine | peach tea | juicy

we're happy and excited to bring you coffee from kossa geshe for a fourth straight year. this is a fully traceable, fully transparent, single farm, natural ethiopian, something that is still a bit of a rare commodity in the coffee world.

kossa geshe is a two brother operation, owned and run by abdulwahid and anwar sheriff. the farm is just a few kilometers from the local school, and employs 42 fulltime employees, including 24 women. the farm has been with the sheriffs for nine years now, and we expect great things as they continue to develop and perfect their cultivation and processing.

this coffee is grown at 1950 meters and consists of limu buna 54 and 74165 varieties (both heirloom). it is naturally processed, sun-dried on raised beds and tarps on hard ground over 18 days, with selective sorting during the first 3-4 days.
