

mexico capitan luis a. vidal

marzipan | molasses | grilled peach | creamy

this is a fair trade certified™, dark-roasted coffee grown in the highlands of the sierra madres in chiapas, mexico by members of campesinos ecologicos de la sierra madre de chiapas, or cesmach. specifically, this lot comes from a small community with an unusual name: capitan luis a. vidal.

cesmach is fairly large cooperative with nearly 500 members, and has worked hard to increase their quality through lot selection over the past few years. they've partnered with other cooperatives and cafe imports (one of our importers) to develop a centralized quality control program, looking at varieties, fertilization, picking, processing, and lot selection. each cooperative has their own "q" grader, who cups through lots in order to provide feedback.

this coffee is grown between 1000 and 1800 meters. it is fully washed, and consists of bourbon and typica varieties.
