Dukunde Kawa's Story

Our second year purchasing coffee from Dukunde Kawa. This washing station services hundreds of smallholder producers surrounding the town of Gakenke in the Northern Province of Rwanda. With farmer's plots at elevations of 2000-2200 meters, the Bourbon variety expresses itself beautifully here. The washing station excels at ripe cherry selection and slow drying times. This lot is dried for 50-60 days. We're happy to continue helping One Acre Fund's mission of servicing smallholder farmers, and continually impressed with the quality of the coffee from this program.
