## Relámpago's Story

Finca Relámpago is a new project from one of our longest relationships. Our exporting partners at Los Volcanes have traditionally purchased coffee cherries from producers throughout Guatemala, and processed the coffees at Beneficio La Esperanza in Antigua. This is the first farm Los Volcanes has purchased and operated themselves.

Finca Relámpago rests on the slopes of the famous Volcan de Agua. Known for its storms from which the farm gets its name - Lightning.
